SUM:

Rough land which is dry, brown rocky, Prob. dry, open and vast. There is a Valley. Possibly similar to BLNP. End

Time now their only enemy, medieval walls that once shut out Afshan hordes ring the ruins of Bam. The fortified town of sunbaked brick, abandoned in 1850 for a new city

nearby, lies beside a lush oasis on the western edge of the Dasht-e Lut, a vast desert. Iranian archeologists, directed by the Queen, preserve and restore this and other memorials to the past.
